Polling Places for November 8 General Election

Flagstaff, Az. – Sample ballots for the upcoming November 8th General Election have been mailed to households with registered voters who have not been issued any early ballots. The polling place for the voters is listed on the sample ballot. Coconino County is using the same polling places that were used for the August 30th Primary Election.

Polling places will be open 6:00 am to 7:00 pm local time on Election Day.

There are several ballot questions on the City of Flagstaff ballots so we encourage voters to use their sample ballots and informational pamphlets to be prepared to vote prior to going to their polling place on Election Day. A voter may bring a sample ballot with them to the polling place to use as a guide when he or she votes.

Voters that have limited time to go to their polling place on Election Day may want to vote early in person prior to Election Day in case there are lines. For a list of dates and times to vote early go to www.coconino.az.gov/elections and select “Early voting locations”.

Voters that vote at the polling place on Election Day will need to meet the identification requirements to cast a regular ballot. For a list of acceptable IDs to vote go to the Elections Office webpage: www.coconino.az.gov/elections and select “List of Acceptable ID for Voting”.

Coconino County voters that have been mailed an early ballot may drop off their voted early ballot sealed in the return ballot envelope at any Coconino County polling place during the hours that the polling place is open on Election Day. Voted early ballots must have the voter’s signature on the outside of the return envelope.

Early ballots from other counties or states should not be dropped off at Coconino County polling places because they will not be able to be counted. Early ballots from other counties or states need to be returned to the county that issued the early ballot by Election Day.

For more information you can call the Elections Office at 800-793-6181 or 928-679-7860.
