INTRODUCTORY SECTION

This page has been intentionally left blank.

The Honorable Board of Supervisors and Citizens of Coconino County, Arizona:

We are pleased to provide you the Comprehensive Annual Financial Report (CAFR) of Coconino County for the fiscal year ended June 30, 2011. The CAFR provides additional information to the Board and the citizens on the County's financial position and results of operations. Pursuant to Arizona Revised Statute (A.R.S.) 41-1279.21 the Coconino County CAFR was audited in accordance with generally accepted auditing standards for the year ended June 30, 2011 and has been issued an unqualified ("clean") opinion.

This report consists of management's representations concerning the finances of Coconino County. Consequently management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Fester & Chapman, P.C., a firm of licensed certified public accountants, have audited the County's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded that there was a reasonable basis for rendering an unqualified ("clean") opinion that the County's financial statements for the fiscal year ended June 30, 2011, are fairly presented in conformity with GAAP. The Independent Auditor's Report is located at the front of the financial section of this report.

The report is prepared in accordance with generally accepted accounting principles (GAAP), in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB), and using the guidelines established by the Government Finance Officers Association of the United States and Canada (GFOA). GAAP requires that management provide an analysis, narrative introduction, and overview to accompany the basic financial statements, called the Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A immediately follows the independent auditor's report in the financial section of this report.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of

the information contained in this report. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Coconino County Profile

Coconino County was established on February 19, 1891 by the 16th Territorial Assembly with an initial population count of 4,000. The County encompasses approximately 18,617 square miles – is the largest county in Arizona and the second largest in the United States. Despite its size, Coconino County is one of the most sparsely populated counties in Arizona with a population of 6.2 per square mile. Only 13% of the County's total square miles is private property. The remainder is a combination of state, federal and reservation land.

The census estimated the 2010 population of the County to be 134,421. Flagstaff is the County seat and the largest city in the County. The County is home to the Grand Canyon, four other federal recreation areas and three state parks. The County is also home to reservation land belonging to the Navajo, Hopi, Havasupai, Hualapai and Paiute tribes.

Coconino County's government consists of an elected Board of Supervisors (Board). There are five districts, each represented by a Supervisor who resides in the district. The Board holds the policy-making and legislative authority for the County. It is responsible for the overall management and approval of all departmental budgets and tax rates. The Board appoints a County Manager who serves as the Chief Administrative Officer for the County. Departments are either headed by an appointed official, appointed by the Board, or an elected official. Elected offices are statutorily determined and include the Sheriff, County Attorney, Recorder, Treasurer, Assessor, Superintendent of Schools, Constable, Clerk of the Superior Court, and the Judiciary.

Coconino County provides a full range of services including law enforcement and public safety, health services, sanitation, welfare programs, highway construction and maintenance, parks and recreation, and education.

The financial reporting entity includes all the funds of the primary government. Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Additional information can be found in the notes to the financial statements (See Note 1.A.).

The Board and the County Manager use a ten-year financial plan, along with fiscal management policies, budget management policies, and strategic goals and priorities to guide the overall development and management of the budget. Annually departments are required to provide revenue and expenditure estimates for the current fiscal year and planned revenues for the following year. These estimates are used to update the ten-year financial plan. Departments submit their budgets in the form of a "Program Funding Request" which are evaluated using criteria and strategies adopted by the Board of Supervisors and budget recommendations are based on these evaluations. Final budget decisions are also subject to the availability of funds; conformance with fiscal and budget management policies; and meeting the County's strategic goals and priorities.

The final budget must be adopted by the Board on or before the third Monday in July. The tax rate and levy must be set on or before the third Monday in August each year. The level of budgetary control is at the department level within a fund. Transfers between these levels must be approved by the Board. Additionally, actual expenditures may legally not exceed the final budget.

Assessing Coconino County's Economic Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local economy. The economy of Coconino County is based primarily on public administration, the service industry, wholesale and retail trade, and tourism. The City of Flagstaff (the County seat) is the center of educational, governmental and scientific employment. Major employers include Northern Arizona University, City of Flagstaff, Coconino Community College, the unified school districts, the U.S. Forest Service, the U.S. National Park Service, the Navajo Nation, Flagstaff Medical Center, W.L. Gore and Associates, ARA Leisure Services, Nestle-Purina, Walgreens and SCA Tissues.

Tourism significantly impacts the local economy. Old Route 66 runs across most of the County as well as US Route 40. Attractions include the Grand Canyon, Sedona/Oak Creek Canyon, Glen Canyon National Recreation Area, Wupatki National Monument, Sunset Crater National Monument, Walnut Canyon Monument, and Slide Rock State Park. Over 6.9 million people visited these attractions in 2010.

Strategic Budget Process and Financial Planning. The County has had a comprehensive long-term financial planning process in place since fiscal year 2007. In FY11 the County expanded on the Strategic Budget Process begun in FY10. The goal of the process is to provide consistent delivery of essential services to its residents in times of economic growth or recession and to identify opportunities for cost containment through prevention efforts. Keys to this process are a ten-year financial plan, aligning revenue types with expenditures, growing recurring expenditures only at recessionary revenue levels, building prudent reserves, planning for compensation, facilities and IT, continued development of the Strategic Budgeting Process and development of new revenue sources.

Impact of State Economic Condition. Although the County's sound long-term financial planning considered and included a recessionary growth model based on prior recessions, the depth and breadth of economic downturn to both the State and local economies continues to impact County revenues. Additionally, while State revenues appear to have stabilized in recent months, there remains a structural deficit at the state level and, as a result, the County expects reduced and reallocated State/County shared revenues, shifts in mandated costs to counties, and further cuts to County funding for Probation, Court and Health programs. In future years, the County will have additional impacts from further State revenue allocation reductions and cost shifts. This causes continued uncertainty for Counties across the state and into the foreseeable future. The County will continue to work with the Governor, State Legislators, and County Supervisors Association to find solutions to the state budget shortfall that have the least impact to counties. In addition to these efforts, the County is actively pursuing solutions to decrease reliance on state controlled revenues and to increase locally

controlled sources. Additional details are included in Management's Discussion and Analysis (MD&A) under "Economic Factors and Next Year's Budget" which can be found in the Financial section of the CAFR.

Economic Outlook. The County's local revenues as well as those allocated by and received from the State continue to be impacted by the economic downturn. However, these revenues showed small signs of improvement in FY11. Although revenues are improving the County anticipates a slower growth rate than what we have experienced in the past. Total revenues are not expected to return to FY07 and FY08 levels for many years. Arizona continues to be among the states hardest hit by the recession. Economists continue to predict that the economic recovery in Arizona will span several years and include years of no growth or slow growth levels. Further, Arizona is likely to fare worse than the national economy in upcoming years due to continued weakness in the housing market, dependence on growth industries and uncertainty regarding the budget outcome within the state. The County will continue to address this outlook through the Strategic Budget Process, adjustments to its recessionary growth model, potential new revenue sources and the ongoing long-term financial planning process. Over the next 3-5 years the County plans to review and evaluate all programs and services currently provided in an effort to create capacity to address future structural deficits in several major funds and unmet compensation, facilities and information technology needs. Additional details are included in the MD&A under "Economic Factors and Next Year's Budget".

Significant Financial Policies.

Coconino County's financial policies include:

Operating Budget Policies. The operating budget is a plan for allocating resources.

Capital Budget Policies. The capital budget provides resources for capital maintenance and future capital needs, without adversely affecting the operating budget.

Revenue Policies. Funding for public programs should be derived from a fair, equitable and adequate resource base, while minimizing tax differential burdens.

Reserve Policies. Responsible reserve policies will provide adequate resources for cash flow and contingency purposes, while maintaining reasonable tax rates. The County maintains a contingency for cash liquidity purposes in the County General Fund equal to at least 10% of its annual operating budget.

Debt Policies. Responsible debt management policy maintains the County's ability to incur present and future debt at minimal interest rates in amounts needed for infrastructure and economic development without endangering its ability to finance essential County services.

Budget Management Policies. The Board uses the approved County fiscal policies and priorities to guide the budget process. Decisions are evaluated within these contexts as well as the accompanying ten-year financial plan.

Major Initiatives/Impacts

Schultz Fire and Flood

In late June 2010, the Schultz Fire burned approximately 15,000 acres on steep mountain slopes in the County. The annual monsoon season started one week later and the County began to experience catastrophic flooding in an unincorporated residential area east of Flagstaff. Significant risk to public safety and health existed with over 1,500 properties affected and by the end of FY11 over \$6 million was spent on response and mitigation efforts. Full-time staff identified and applied for funding and managed the mitigation efforts. These efforts have secured over \$3 million in Federal and State funding to date. We are estimating at least \$11 million of additional funding will be needed for mitigation projects in FY12 alone. Several grant applications have been prepared and submitted to offset the cost to the County where possible. In order to provide for matching funds the Board of Supervisors adopted a property tax rate increase of \$0.2000 per \$100 of assessed valuation for the Flood Control District for FY12.

Performance Measures

Performance measures are a main component of the Strategic Budget Process. These measures are now tied specifically to programs, and in the future will be used to evaluate the strength of funding requests.

Repair and Replacement (R&R) and Strategic Capital Planning

The County maintains a Facilities Repair and Replacement Fund for the routine maintenance of County facilities. This fund is used for carpet replacement, HVAC repairs and replacements, painting, window replacements, and many other projects. The current economic situation caused an evaluation of all projects based on both current and future costs. The decision was made to delay R & R projects in FY11 to partially offset the cost of additional State mandates. We have completed a Facilities Master Plan and a strategic plan for our Information Technology department that we hope to begin implementing in FY12.

Legislative Solutions

Legislation was introduced and passed at the State level that allows County Public Defenders to handle services in-house that previously required County funding for contract attorneys. We worked with the State to establish an AHCCCS suspension program that allows prisoners released from our local jail to return to AHCCCS without completing a lengthy reapplication process.

Assessor/Treasurer Systems

In January 2009, the Arizona Department of Revenue notified the County that it would no longer maintain the property tax valuation system utilized by several Counties in the state at the end of the 2011 assessment cycle. This action forced the County to locate and implement an Assessor system in a relatively short time frame. A Tyler Technologies Assessor/Treasurer solution was selected at a cost of \$1.9 million dollars and implementation of both systems was completed in August 2011.

Criminal Justice Coordinating Council (CJCC)

The purpose of the CJCC is to study the criminal justice systems in Coconino County, identify areas for improvement and formulate policy, plans and programs for change. In addition, its mission is to communicate and present planning, financial, operational, managerial, and programmatic recommendations to the agencies represented on the Council. The Council is committed to providing the coordinated leadership necessary to establish cohesive public policies which are based on research, evaluation and monitoring of policy decisions and program implementations. There are currently nineteen members of the council from multiple jurisdictions within the region. The consensus of these members is required for decisions and recommendations.

Other Initiatives

The County implemented the Alternative Dispute Resolution program in which mediation services are provided for cases that may otherwise end up in the Court system. The Recorder's Office implemented e-recording and employee pay stubs were made available on-line by the Finance department. These web-based solutions result not only in decreased staff and operating costs for the County, but decreased costs to our citizens that may otherwise expend time and money for travel.

Other

Single Audit

The independent audit of the financial statements of the County included the federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report on the audited government's internal controls and compliance with legal requirements in addition to the fair presentation of the financial statements. This "Single Audit" puts special emphasis on internal controls and compliance with legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit report.

Expenditure Limitation

Arizona voters approved a proposition amending the state constitution in 1980 that established expenditure limitations for local governments, including Coconino County. The County has not exceeded the limitation. The County has accumulated expenditure limit carryforwards from prior years when actual expenditures were less than the limit and used some of these this year when expenditures would otherwise exceed the limit for this year. The County is required by state statute to prepare an Annual Expenditure Limitation Report (AELR), in conjunction with the required annual financial statements. The AELR must be audited and an opinion rendered on whether the AELR presents fairly, in all material respects, the information required by the Uniform Expenditure Reporting System. This report is available in the County's separately issued Annual Expenditure Limitation Report.

Awards

Coconino County has received The Government Finance Officers Association of the United States and Canada (GFOA) Certificate of Achievement for Excellence in Financial Reporting for its comprehensive annual financial report for fiscal years 2009 and 2010. In order to be

awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. The report must satisfy both generally accepted accounting principles and applicable legal requirements.

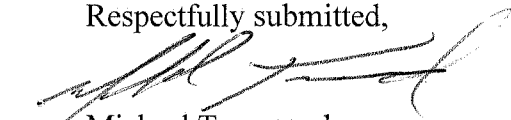

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, Coconino County has received the GFOA's Distinguished Budget Presentation Award for its annual budget for fiscal years 2001 through 2011. The annual budget for fiscal year 2012 has been submitted and we look forward to receiving this award for the twelfth consecutive year. In order to qualify for the award the County's budget had to be judged proficient as a policy document, a financial plan, an operations guide, and a communication device.

Acknowledgments

Preparation of this report could not be accomplished without the dedicated service of the staff of the County's Finance Department, the assistance of personnel in the various departments, and the assistance of our auditors Fester & Chapman, P.C., Certified Public Accountants. We also wish to recognize that preparation of this report could not be accomplished without the interest and support of the Board of Supervisors and their continued commitment to professional and fiscally responsible financial management and planning.

Respectfully submitted,

Michael Townsend
Interim County Manager

Sandra A. Schulz
Chief Fiscal Officer

Certificate of Achievement for Excellence in Financial Reporting

Independent Auditors' Report

The Auditor General of the State of Arizona

The Board of Supervisors of
Coconino County, Arizona

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Coconino County as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and aggregate remaining fund information of Coconino County as of June 30, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

As described in Note 1, the County implemented the provisions of the Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, for the year ended June 30, 2011, which represents a change in accounting principle.

The Management's Discussion and Analysis on pages 13 through 23, the Schedule of Agent Retirement Plan and Coconino County Retiree Insurance Program's Funding Progress on page 71, and the Budgetary Comparison Schedules on pages 72 through 79 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the

methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical section listed in the table of contents are presented for purposes of additional analysis and are not required parts of the basic financial statements. The combining and individual fund statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on them.

In connection with our audit, nothing came to our attention that caused us to believe that the County failed to use highway user revenue fund monies received by the County pursuant to Arizona Revised Statutes Title 28, Chapter 18, Article 2, and any other dedicated state transportation revenues received by the County solely for the authorized transportation purposes. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

This report is intended solely for the information and use of the members of the Arizona State Legislature, the Auditor General of the State of Arizona, the Board of Supervisors, management, and others within the County and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

Fester & Chapman P.C.

December 22, 2011

MANAGEMENTS'S DISCUSSION AND ANALYSIS (MD&A)

(Required Supplementary Information)

This page has been intentionally left blank.

Coconino County
Management's Discussion and Analysis
June 30, 2011

Our discussion and analysis of the County's financial performance provides an overview of the County's financial activities for the year ended June 30, 2011. Please read it in conjunction with the transmittal letter on page 1 and the County's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS FOR FISCAL YEAR 2011

- The assets of the County exceeded its liabilities at the close of fiscal year 2011 by \$230.84 million (net assets). Of these \$55.50 million (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The increase in the County's net assets was \$20.45 million in fiscal year 2011. \$17.3 million of the net assets increase was in capital assets from land and buildings donated to the County by the Frontier trust with a value of over \$5 million, and the purchase of 2,249 acres of parks and open space land for \$12.3 million dollars with a combination of Parks and Open Space Sales Tax and a State Parks Department grant. The net increase due to normal operations was \$3.01 million with a decrease of \$.87 million from the increase in the implicit subsidy for retiree health insurance.
- At the close of fiscal year 2011, the County's governmental funds reported combined ending fund balances of \$85.14 million, an increase of \$3.40 million.
- The General Fund reported an unassigned fund balance of \$26.37 million at the close of fiscal year 2011, an increase of \$4.16 million. The primary reason for this increase was the excess of revenues over expenditures.
- The County expended over \$6 million, primarily in the Flood Control District Fund, on response and mitigation efforts as a result of unanticipated catastrophic flooding disasters in fiscal year 2011. We have received \$3 million in Federal and State assistance related to this disaster to date and have recorded an additional \$1.65 million of receivables and deferred revenue in the fund statements and \$1.65 million of receivables and operating grants in the government-wide statements.
- The County implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB Statement No. 54 establishes standards for financial reporting, including note disclosures requirements, for fund balance classifications of the governmental funds and clarifies existing governmental fund type definitions.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components:

1. Government-wide financial statements,
2. Fund financial statements, and
3. Notes to the financial statements.

This report also contains other required supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private sector business.

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of this year's activities?" The Statement of Net Assets and the Statement of Activities report information about the County as a whole and about its activities in a way that helps answer this question. These statements include all non-fiduciary assets and liabilities using the accrual basis of accounting.

The Statement of Net Assets presents information on all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases and decreases in net assets are one indicator of whether the County's financial condition is improving or deteriorating. In addition to this change, other non-financial factors will need to be considered.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying events giving rise to the change occur, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in these statements for some items that will result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and sick leave.

All of the County's basic services are considered to be governmental activities, including general government, health and welfare, public safety, highways and streets, culture and recreation, education and sanitation. Sales taxes, property taxes, intergovernmental revenues and user fees finance most of these activities. *The government-wide financial statements can be found on pages 25-27 of this report.*

Fund Financial Statements

The fund financial statements provide detailed information about the most significant County funds—not the County as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by bond covenants. However, the Board of Supervisors establishes other funds to help control and manage money for particular purposes or to show that legal responsibilities are being achieved for using certain taxes, grants and other money. All of the County's funds can be divided into three categories: *governmental, proprietary and fiduciary.*

Governmental funds—Most of the County's basic services are reported in governmental funds, which focus on near-term inflows and outflows of spendable resources and the balances of spendable resources available at year-end. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental

Coconino County
Management's Discussion and Analysis
June 30, 2011

fund statements provide a detailed, short-term view of the County's operations and the basic services it provides. Governmental fund information helps determine financial resources that can be spent in the near future to finance the County's programs.

Because the focus of the governmental funds is more narrow than that of the government-wide statements, it is useful to compare the information presented for the governmental funds with similar information presented for the governmental activities in the government-wide financial statements. Reconciliations between governmental activities, as reported in the Statement of Net Assets and the Statement of Activities, and the governmental funds, as reported in the fund financial statements, is provided to facilitate this comparison.

The County maintains numerous individual governmental funds. Information is presented separately in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, the Public Works/HURF Fund, Jail District Fund, Parks and Open Spaces Tax Projects Fund, Public Health Services District Fund and the Flood Control District Fund, which are considered to be major funds. Data from the other nonmajor governmental funds are combined into a single aggregate presentation. *The basic governmental fund financial statements can be found on pages 28-34 of this report.*

Proprietary funds—The County has one proprietary fund, an internal service fund, to report fleet service activities provided to the County's other programs and activities. The County's internal service fund only provides services to County departments, as such it is reported as a governmental activity in the Statement of Net Assets and the Statement of Activities. *The basic proprietary fund financial statements can be found on pages 35-37 of this report.*

Fiduciary Funds—Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements as the resources of those funds are not available to support the County's programs. *The basic fiduciary funds financial statements can be found on pages 38-39 of this report.*

Notes to the Financial Statements and Required Supplementary Information

Notes to the financial statements—The notes to the financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements. *The notes to the financial statements can be found on pages 40-70 of this report.*

Required supplementary information—In addition to the basic statements and accompanying notes, the report presents required supplementary information on the County's budgeting and budgetary control and the County's progress in funding its obligation to provide pension benefits to its employees. *Required supplementary information can be found on pages 71-79 of this report.*

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Statement of Net Assets

Net assets may serve over time as a useful indicator of a County's financial position. The following table reflects the condensed Statement of Net Assets of the County for June 30, 2011 compared to the prior year.

	Governmental Activities (in millions)	
	2011	2010
Current and other assets	\$ 100.82	\$ 98.86
Capital assets	151.31	136.53
Total assets	252.13	235.39
Other current liabilities	7.98	9.93
Long-term liabilities outstanding	13.31	15.07
Total liabilities	21.29	25.00
Net assets:		
Invested in capital assets, net of related debt	145.81	128.37
Restricted	29.53	28.39
Unrestricted	55.50	53.63
Total net assets	\$ 230.84	\$ 210.39

The County's net assets from governmental activities at the end of the fiscal year were \$230.84 million. \$17.3 of the net assets increase was in capital assets from land and buildings donated to the County by the Frontier trust with a value of over \$5 million, and the purchase of 2,249 acres of parks and open space land for \$12.3 million dollars with a combination of Parks and Open Space Sales Tax and a State Parks Department grant. The net increase due to normal operations was \$3.01 million with a decrease of \$.87 million from the increase in the implicit subsidy for retiree health insurance.

Invested in capital assets, net of related debt

63.16% of the County net assets (\$145.81 million) are invested in capital assets (e.g. land, buildings, equipment, and infrastructure), net of related debt. These assets are used to provide services to citizens, but are not available for future spending. The County's invested in capital assets, net of related debt, increased by 13.59% (\$17.44 million) in the current fiscal year.

Restricted Net Assets

12.79% of the County's net assets (\$29.53 million) are subject to external restrictions on how they may be used. The County's restricted net assets increased by 4.02% (\$1.14 million) in the current fiscal year.

Coconino County
Management's Discussion and Analysis
June 30, 2011

Unrestricted Net Assets

The remaining balance of the County's net assets, 24.04% (\$55.50 million), is unrestricted and may be used to meet the County's ongoing obligations to citizens and creditors without constraints established by debt covenants or other legal requirements. Unrestricted net assets increased by 3.49% (\$1.87 million) in the current fiscal year.

Statement of Activities

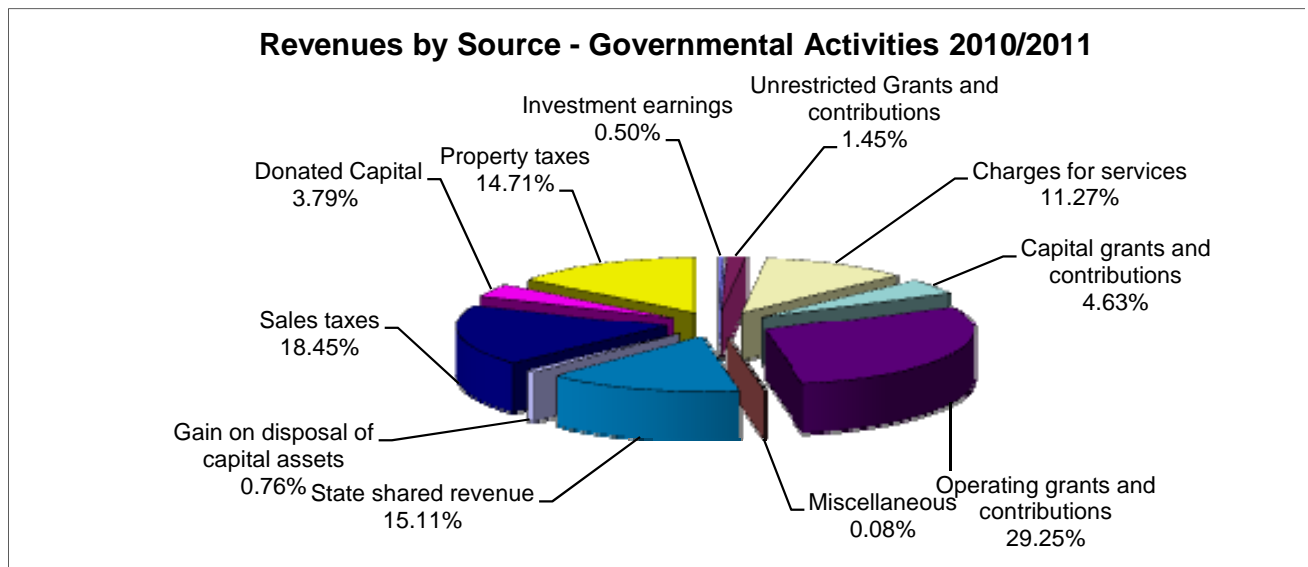

The Statement of Activities presents information on how the County's net assets changed during the most current fiscal year. The following table reflects the condensed Statement of Activities of the County for the fiscal year 2011 compared to the prior year.

	Governmental Activities (in millions)	
	2011	2010
Revenues		
Program revenues:		
Charges for services	\$ 15.38	\$ 16.50
Operating grants and contributions	39.90	34.92
Capital grants and contributions	6.32	0.08
Total program revenue	61.60	51.50
General revenues:		-
State shared revenue	20.60	19.32
Sales taxes	25.16	24.37
Property taxes	20.06	15.26
Grants and contributions not restricted to specific programs	1.97	2.09
Investment earnings	0.68	2.14
Gain on disposal of capital assets	1.04	0.13
Miscellaneous	0.11	0.07
Total general revenue (excluding extraordinary item)	69.62	63.38
Extraordinary item		
Donated Capital	5.17	
Total extraordinary item	5.17	
Total revenues	136.39	114.88
Program Expenses		
General government	30.77	31.50
Public safety	36.54	31.59
Highways and streets	13.81	15.64

Health	11.04	11.22
Welfare	8.28	8.27
Culture and recreation	7.29	7.72
Education	4.77	5.29
Interest on long-term debt	0.29	0.41
Total program expenses	115.94	114.78
Change in net assets	20.45	0.10
Net assets, beginning	210.39	210.29
Net assets, ending	\$ 230.84	\$ 210.39

Coconino County
 Management's Discussion and Analysis
 June 30, 2011

Overall program revenues increased by 19.61% in the current fiscal year. This increase was a combination of reimbursements and grants received in response to the catastrophic flooding events and a \$6 million State Parks Department grant. Program expenses increased 1.01% (\$1.16 million) in the current fiscal year.

Property taxes increased by 31.45% (\$4.8 million) as a result of the new Coconino County Health Services District property tax that went into affect in fiscal 2011. State shared revenue increased 6.63% (\$1.28 million) as all sales tax revenues began to rebound moderately. The 14.26% (\$4.98 million) increase in operating grants was funding received to cover the expenditures in response to catastrophic flooding disasters that occurred in the current fiscal year. The \$6.24 million increase in capital grants and contributions is the State Parks Department grant used to purchase 2,249 acres of parks and open space land. The current fiscal year investment earnings decrease of 68.22% was from the significant decrease in unrecognized capital gains in the current fiscal year. The \$.91 million increase in the gain on disposal of capital assets was from the sale of land and buildings that were previously used for the Juvenile Probation Department. During the current fiscal year, land and buildings were donated to the County by the Frontier Trust with a value of over \$5 million.

Public Safety expenses increased 15.67% in the current fiscal year due to expenditures related to the flooding events. Highways and streets expenses decreased 11.70% primarily due to the decrease in major road improvement projects. Education expenses decreased 9.83% as a result of decreased grant funding.

Coconino County
 Management's Discussion and Analysis
 June 30, 2011

As shown in the “Revenues by Source for Governmental Activities” chart and “Program Revenues and Expenses for Governmental Activities” chart, for governmental activities overall, without regard to program, operating grants and contributions are the largest single source of funds (29.25%), followed by sales tax (18.45%), and state shared revenue (15.11%). Public safety is the largest function in expense (\$36.54 million), followed by general government (\$30.77 million), and highways and streets (\$13.81 million).

FINANCIAL ANALYSIS OF THE COUNTY’S FUNDS

The County reported six major funds for this fiscal year – General Fund, Public Works/HURF, Jail District, Public Health Services District, Parks and Open Spaces Tax Projects and Flood Control District. At year-end the County’s governmental funds reported combined fund balances of \$85.14 million, which is an increase of \$3.4 million from last year, or an increase 4.15%. Of the total, \$84.98 million (99.80%) constitutes spendable fund balance.

Coconino County
Management's Discussion and Analysis
June 30, 2011

Revenues and expenditures for governmental functions overall increased by 11.80% and 12.54%, respectively. These increases were the result of the additional Health District property tax revenue (\$4.9 million) and revenues and expenditures related to open space purchased with a State Parks Department grant and revenues and expenditures related to the catastrophic flooding events in the current fiscal year. Governmental Fund revenues exceeded governmental fund expenditures by \$2.05 million in the current fiscal year and the fund balance increased by \$3.40 million.

The General Fund is the County's primary operating fund. At the end of the current fiscal year the spendable fund balance of the General Fund was \$26.37 million. Spendable fund balance represents 99.68% of the General Fund's total fund balance. The General Fund's fund balance increased by \$4.21 million. The primary reason for this increase was expenditures, not including fiscal reserves, coming in \$3.9 million under budget. This budget variance was due to various projects, such as the Treasurer's new tax system, not being completed in FY11, and salary savings through attrition.

The Public Works/HURF Fund's fund balance increased by \$2.43 million in the current fiscal year. The increase was due to an increase in revenues combined with a decrease in major road improvement project expenditures, such as the Lake Mary pavement preservation project budgeted for \$2.6 million. Projects had to be put on hold because of the resources required to respond to the flooding events.

The Jail District Fund's fund balance increased by \$1.49 million in the current fiscal year as a result of vacancy savings from unfilled positions (\$1 million) and expenditures for the sally port door and central control door projects coming in under budget (\$213 thousand).

The Parks and Open Spaces Tax Projects fund balance decreased by \$5.22 million in the current fiscal year. This decrease was due to the use of funds to purchase parks and open space land for \$12.3 million dollars with a combination of Parks and Open Space Sales Tax and a State Parks Department grant.

The Public Health Services District Fund's fund balance increased by \$1.21 million in the current fiscal year. This was the first full year of operations for the district. The change in fund balance was primarily expenditures for ALTCS being under budget by \$189 thousand, salary savings from attrition and a \$283,138 ALTCS refund.

The Flood Control District Fund's fund balance decreased by \$.74 million due to increased expenditures for the flooding events.

General Fund Budgetary Highlights

- The final budgeted expenditures for the General Fund at year-end were \$5.05 million less than the original adopted budget. This change was a reduction in the contingency budget. For the General Fund, actual expenditures were \$17.49 million less than the final budget.

Coconino County
Management's Discussion and Analysis
June 30, 2011

- The expenditures variance was primarily due to unexpended contingency funds and fiscal reserves.
- The final budgeted revenues for the General Fund, at year-end were \$490 thousand less than the original adopted budget. This reduction was primarily a correction in the amount of indirect cost revenues originally budgeted. For the General Fund, actual revenues exceeded the final budget by only \$135 thousand.

Capital Assets and Debt Administration

Capital Assets

During the current fiscal year, the County added \$15.42 million to the County's land inventory, \$2.42 million to the County's buildings inventory, \$1.23 million to the County's machinery and equipment inventory, and \$4.05 million to the County's infrastructure inventory. The significant increases in land and buildings was due to the land and buildings donated to the County by the Frontier Trust with a value of over \$5 million, and the purchase of 2,249 acres of parks and open space land for \$12.3 million dollars with a combination of Parks and Open Space Sales Tax and a State Parks Department grant. The County's overall estimated value of capital asset inventory increased \$14.78 million net of increases in depreciation. See *Note 4 to the financial statements found on page 54 of this report.*

The following table reflects the changes in capital assets for the County for the fiscal year 2011 compared to fiscal year 2010.

	Governmental Activities (net of depreciation) (in millions)	
	2011	2010
Land	\$ 39.22	\$ 23.80
Buildings	57.93	57.57
Machinery and Equipment	7.44	8.61
Infrastructure	45.09	44.07
Construction in Progress	1.63	2.48
Total	\$ 151.31	\$ 136.53

Long-term Debt

At the end of the current fiscal year the County has \$3.85 million in revenue bonds and \$1.65 million in special assessment debt outstanding. The County made the final principal and interest payments on \$3,630,000 in revenues bonds issued in 2000 to finance jail related facilities. There were no new bond issues in the current year. The long-term liability for future postemployment health benefit liability has increased by \$.87 million to \$2.91 million in the current year.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

The County utilizes a Ten-Year Financial Plan, which is updated quarterly, to forecast the County's financial future. The largest single revenue source is State shared sales taxes. Local and State shared sales taxes constitute around 36% of the County's government-wide general revenues and approximately 55% of General Fund revenues. This makes the County's revenues sensitive to slumps in the economy. County staff incorporated historical trends, local economic trends and national and global economic trends into the County's fiscal 2012 budget. State shared sales tax and county sales tax revenues stabilized in FY 2011 but are still more than 10% lower than their high in the fiscal year ended in 2007.

The key elements of the FY12 budget are based on the assumption that economic recovery began in FY11, but total revenues will not return to our FY07 and FY08 levels for many years to come. Many major revenues are down by double digit percentages from where they had been. This new level of revenue is referred to as our new normal.

We established the following Financial Planning Milestones in the fiscal year 2012 budget:

- Aligned Revenue Types with Expenditures
- Spent Only to Recessionary Revenue Levels
- Build Prudent Reserves: Revenue Smoothing, Emergency Reserves, R&R
- Compensation Plan: Addressed Turnover Cost of over \$8 million
- Plans for our Future: Facilities Master Plan & IT Strategic Plan
- Continuing Development of Strategic Budgeting

The major areas of concern considered in developing the fiscal 2012 budget are:

- Impacts from the State shifting costs to the County while reducing County revenues to plug the State budget deficit
- Reductions in State Grant funding
- Potential reductions in Federal funding, particularly the loss of what is known as Forest Fee revenue that is a major source of funding for schools and roads
- Commitment to our employees by keeping employee pay whole to the greatest extent possible and avoiding layoffs and work furloughs

The County's financial planning is based on conservative revenue estimates and the use of a strategic planning process to focus the expenditure of limited resources on meeting the current and future needs of its citizens.

Coconino County
Reconciliation of the Balance Sheet to the Statement of Net Assets
Governmental Funds
June 30, 2011

Fund balances – total governmental funds	\$ 85,144,846
Amounts reported for governmental activities in the Statement of Net Assets are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	150,665,180
Some receivables are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	3,662,441
Internal service funds are used by management to charge the costs of certain activities, such as automotive maintenance, to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the Statement of Net Assets.	2,791,287
Some liabilities, including bonds payable, compensated absences payable, and claims and judgments payable, are not due and payable in the current period and, therefore, are not reported in the funds.	<u>(11,421,554)</u>
Net assets of governmental activities	<u><u>\$ 230,842,200</u></u>

See accompanying notes to financial statements.

Coconino County
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances to the Statement of Activities
 Governmental Funds
 Year Ended June 30, 2011

Net change in fund balances – total governmental funds \$ 3,396,452

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	17,369,000	
Depreciation expense	<u>(7,342,711)</u>	10,026,289

Governmental funds do not report income from the donation of capital assets. However, in the Statement of Activities income from the donation of capital assets is reported.

Donated capital		5,169,268
-----------------	--	-----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore, are not reported as expenditures in the governmental funds.

Increase in compensated absences	(61,913)	
Decrease in claims and judgments	32,515	
Increase in future postemployment health benefits	<u>(870,696)</u>	(900,094)

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.

Principal repaid		2,255,923
------------------	--	-----------

The sale of capital assets in the governmental funds reflects proceeds. However, in the Statement of Activities the sale of capital assets reflect the net gain (loss).

		(292,941)
--	--	-----------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

		1,304,473
--	--	-----------

Internal service funds are used by management to charge the costs of certain activities, such as automotive maintenance, to individual funds.

The activities of the internal service fund is reported with oog+A1
 governmental activities.

		<u>(512,562)</u>
--	--	------------------

Change in net assets of governmental activities		<u><u>\$ 20,446,808</u></u>
---	--	-----------------------------

See accompanying notes to financial statements.

Note 1 – Summary of Significant Accounting Policies

The accounting policies of Coconino County conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

For the year ended June 30, 2011, Coconino County implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB Statement No. 54 establishes standards for financial reporting, including note disclosures requirements, for fund balance classifications of the governmental funds and clarifies existing governmental fund type definitions.

A. Reporting Entity

The County is a general purpose local government that is governed by a separately elected board of five county supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are so intertwined with the County that they are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize they are legally separate from the County. Each blended component unit discussed below has a June 30 year-end. The County has no discretely presented component units. During the year ended June 30, 2011, the County advanced the Coconino County Flood Control District \$1 million to provide cash necessary to respond to unanticipated catastrophic flooding.

Coconino County
Notes to Financial Statements
June 30, 2011

The following table describes the County's component units:

<u>Component Unit</u>	<u>Description; Criteria for Inclusion</u>	<u>Reporting Method</u>	<u>For Separate Financial Statements</u>
Coconino County Flood Control District	A tax-levying district that provides flood control systems; the County's Board of Supervisors serves as the board of directors	Blended	Not available
Coconino County Library District	Provides and maintains library services for County's residents; the County's Board of Supervisors serves as the board of directors	Blended	Not available
Coconino County Special Assessment Districts	Constructs or improves sidewalks, curbs and gutters, irrigation systems, and street lighting within the County; the County's Board of Supervisors serves as the board of directors	Blended	Not available
Coconino County Street Lighting Districts	Operates and maintains street lighting in areas outside local city jurisdictions; the County's Board of Supervisors serves as the board of directors	Blended	Not available
Coconino County Jail District	A tax-levying district that acquires, constructs, operates, maintains, and finances county jails and jail systems; the County's Board of Supervisors serves as the board of directors	Blended	Not available
Public Health Services District	A tax-levying district that provides and maintains health services for County residents; the County's Board of Supervisors serves as the board of directors	Blended	Not available

Coconino County
Notes to Financial Statements
June 30, 2011

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the County as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements—Provide information about the primary government (the County) and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. Governmental activities generally are financed through taxes and intergovernmental revenues.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

- charges to customers or applicants for goods, services, or privileges provided,
- operating grants and contributions, and
- capital grants and contributions, including special assessments.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues.

Generally, the effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double-counting of internal activities. However, charges for interfund services provided and used are not eliminated if the prices approximate their external exchange values.

Fund financial statements—Provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the

Coconino County
Notes to Financial Statements
June 30, 2011

governmental, proprietary, and fiduciary fund categories. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary fund revenues and expenditures are classified as either operating or nonoperating. Operating revenues and expenses generally result from transactions associated with the fund's principal activity. Accordingly, revenues, such as user charges, in which each party receives and gives up essentially equal values, are operating revenues. Other revenues, such as investment earnings, result from transactions in which the parties do not exchange equal values and are considered nonoperating revenues. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets.

The County reports the following major governmental funds:

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Public Works/HURF Fund is used to account for highway user fees restricted to the construction, repair and maintenance of county roads that are funded primarily by a fuel tax.

The Jail District Fund is used to account for jail operations and jail capital improvements that are funded by a one-half cent sales tax.

The Parks and Open Spaces Tax Projects is used to account for parks and open space acquisitions and improvements that are funded by collections from a one-eighth cent sales tax and grants.

The Public Health Services District Fund is used to account for health services for County residents that are funded by a one-quarter cent property tax.

The Flood Control District Fund is used to account for flood control service that are funded by a \$.0.2000 per \$100 of assessed valuation property tax.

Coconino County
Notes to Financial Statements
June 30, 2011

The County reports the following fund types:

The internal service fund accounts for automotive maintenance and operation provided to the County's departments or to other governments on a cost-reimbursement basis.

The investment trust funds account for pooled and nonpooled assets held and invested by the County Treasurer on behalf of other governmental entities.

The agency fund accounts for assets held by the County as an agent for the State and various local governments, and for property taxes collected and distributed to the State, local school districts, community college districts, and special districts.

C. Basis of Accounting

The government-wide, proprietary fund, and fiduciary fund financial statements are presented using the economic resources measurement focus, with the exception of agency funds, and the accrual basis of accounting. The agency funds are custodial in nature and do not have a measurement focus. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements the provider imposed have been met.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

Governmental funds in the fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when they become both measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 60 days after year-end. The County's major revenue sources

Coconino County
Notes to Financial Statements
June 30, 2011

that are subject to accrual are state-shared sales taxes and fuel taxes, county sales tax, property taxes, and grants from the federal and state governments. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

D. Cash and Investments

For purposes of its statement of cash flows, the County considers cash on hand, demand deposits, cash on deposit with the County Treasurer, and only those highly liquid investments with a maturity of 3 months or less when purchased to be cash equivalents.

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest-earning investment contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value.

E. Inventories

Inventories in the government-wide and the proprietary fund's financial statements are recorded as assets when purchased and expensed when consumed. These inventories are stated at cost using the first-in, first-out, and moving weighted average methods of valuation, for the government-wide financial statements and the weighted average method of valuation for the proprietary fund's financial statement.

The County accounts for its inventories in the governmental funds using the consumption method. Inventories of the governmental funds are recorded as assets when purchased and expensed when consumed. Amounts on hand at year-end are shown on the balance sheet as assets for informational purposes only and as nonspendable fund balance to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method of valuation.

Coconino County
Notes to Financial Statements
June 30, 2011

F. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the governmental-wide and fund financial statements. Amounts on hand at year-end are shown on the balance sheet as assets for informational purposes only and as nonspendable fund balance to indicate that they do not constitute “available spendable resources.”

G. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

H. Capital Assets

Capital assets are reported at actual cost, or estimated historical cost if historical records are not available. Donated assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary fund are as follows:

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	All	N/A	N/A
Construction in progress	\$ 5,000	N/A	N/A
Buildings	5,000	Straight-Line	25-40 Years
Machinery and equipment	5,000	Straight-Line	3-25 Years
Infrastructure	5,000	Straight-Line	15-50 Years

Coconino County
Notes to Financial Statements
June 30, 2011

I. Fund Balance Classifications

Fund balances of the governmental funds are reported within classifications based on the hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form such as inventories, or are legally or contractually required to be maintained intact. Restricted fund balances are those that have externally imposed restrictions on their usages by creditors, such as through debt covenants, grantors, contributors, or laws and regulations.

The unrestricted fund balance category is comprised of committed, assigned, and unassigned resources. Committed fund balances are self-imposed limitations approved by the County's Board of Supervisors, which is the highest level of decision-making authority within the County. The constraints placed on committed fund balances can only be established, removed or changed by the Board of Supervisors.

Assigned fund balances are resources constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The Board of Supervisors has authorized the county manager to make assignments of resources for a specific purpose.

The unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not reported in the other classifications. Also, deficits in fund balances of the other governmental funds are reported as unassigned.

When an expenditure is incurred that can be paid from either restricted or unrestricted fund balances, the County uses restricted fund balances first. For the disbursement of unrestricted fund balances, the County will use committed amounts first, followed by assigned amounts, and lastly unassigned amounts.

Coconino County
Notes to Financial Statements
June 30, 2011

J. Investment Earnings

Investment earnings are composed of interest, dividends, and net changes in the fair value of applicable investments.

K. Compensated Absences

Compensated absences consist of vacation leave, compensatory time, and a calculated amount of sick leave earned by employees based on services already rendered.

Employees may accumulate up to 240 hours of vacation. Upon termination of employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the government-wide and proprietary fund's financial statements.

Non-exempt, eligible employees may accumulate up to 80 hours of compensatory time. Accruals beyond 80 hours require approval of the human resources director. The Fair Labor Standards Act requires the pay off of any compensatory time balance above 240 hours for most non-exempt positions and 480 hours for public safety positions. This is done periodically throughout the year. Upon termination all unused compensatory time is paid to the employee. Accordingly, compensatory time is accrued as a liability in the government-wide and proprietary fund's financial statements.

Employees may accumulate up to 1,040 of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. However, for employees who terminate with a minimum of 20 years of continuous service, sick leave benefits do vest. Such eligible terminating employees are compensated at the rate of one day for each four sick days accrued. Accordingly, this vested sick leave is accrued as a liability in the government-wide and proprietary fund's financial statements.

Note 2 – Deposits and Investments

Arizona Revised Statutes (A.R.S.) authorize the County to invest public monies in the State Treasurer's investment pool; obligations issued or guaranteed by the United States or any of the senior debt of its agencies, sponsored agencies, corporations, sponsored corporations, or instrumentalities; specified state and local government bonds; interest-earning investments such as savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; and specified commercial paper, bonds, debentures, and notes issued by corporations organized and doing business in the United States. In addition, the County Treasurer may invest trust funds in fixed income securities of corporations doing business in the United States or District of Columbia.

Credit Risk

Statutes have the following requirements for credit risk:

1. Commercial paper must be of prime quality and be rated within the top two ratings by a nationally recognized rating agency.
2. Corporate bonds, debentures, and notes must be rated within the top three ratings by a nationally recognized rating agency.
3. Fixed income securities must carry one of the two highest ratings by Moody's investor's service and Standard and Poor's rating service. If only one of the above-mentioned services rates the security, it must carry the highest rating of that service.

Custodial credit risk

Statutes require collateral for demand deposits and certificates of deposit at 101 percent of all deposits not covered by federal depository insurance.

Concentration of credit risk

Statutes do not include any requirements for concentration of credit risk.

Coconino County
Notes to Financial Statements
June 30, 2011

Interest rate risk

Statutes require that public monies invested in securities and deposits have a maximum maturity of 5 years. Investment in repurchase agreements must have a maximum maturity of 180 days.

Foreign currency risk

Statutes do not allow for foreign investments.

Deposits—At June 30, 2011, the carrying amount of the County’s deposits was \$26,043,041 and the bank balance was \$26,081,508. The County does not have a formal policy with respect to custodial credit risk.

Investments— The County’s investments at June 30, 2011, were as follows:

Investment Type	Amount
U.S. agency securities	\$ 119,303,217
State Treasurer's investment pools	10,048,881
Corporate bonds	17,192,788
Municipal bonds	5,533,262
Mutual funds-debt	424,594
Mutual funds-equity	18,718
	<u>\$ 152,521,460</u>

The State Board of Investment provides oversight for the State Treasurer’s pools. The fair value of a participant’s position in the pool approximates the value of the participant’s pool shares, and the participant’s shares are not identified with specific investments.

Credit risk— The County does not have a formal investment policy with respect to credit risk. At June 30, 2011, credit risk for the County’s investments was as follows:

Custodial credit risk— For an investment, custodial credit risk is the risk that, in the event of the counterparty's failure, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County does not have a formal policy with respect to custodial credit risk. At June 30, 2011, the County had \$119,303,217 of U.S. agency securities, \$5,533,262 of municipal bonds, and \$17,192,788 of corporate bonds uninsured and held by the counterparty.

Concentration of credit risk— The County does not have a formal policy with respect to concentration of credit risk. The County had investments at June 30, 2011, of five percent or more in Federal Home Loan Bank, Federal Farm Credit Bank, Federal National Mortgage Association, and Federal Home Loan Mortgage Corporation. These investments were 24.9 percent, 21.7 percent, 18.5 percent, and 12.1 percent, respectively, of the County's total investments.

Notes to Financial Statements
June 30, 2011

Treasurer software system at June 30, 2011. At June 30, 2011, the County had spent \$147,750 on this project and had a remaining contractual commitment of \$147,750. General fund revenue is funding this project.

Note 5 – Long-Term Liabilities

The following schedule details the County’s long-term liability and obligation activity for the year ended June 30, 2011:

<u>Governmental Activities</u>	<u>Balance June 30, 2010</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance June 30, 2011</u>	<u>Due within 1 year</u>
Bonds payable:					
Revenue bonds	\$ 6,145,000		\$ 2,290,000	\$ 3,855,000	\$1,885,000
Special assessment bonds with governmental commitment	<u>2,016,965</u>		<u>370,923</u>	<u>1,646,042</u>	<u>383,369</u>
Total bonds payable	<u>8,161,965</u>		<u>2,660,923</u>	<u>5,501,042</u>	<u>2,268,369</u>
Compensated absences payable	4,423,893	\$ 3,094,847	3,032,934	4,485,806	3,211,816
Claims and judgments payable	437,796	148,000	180,515	405,281	115,519
Future postemployment health benefit liability (Note 8)	<u>2,043,729</u>	<u>1,047,505</u>	<u>176,809</u>	<u>2,914,425</u>	
Governmental activities long-term liabilities	<u>\$ 15,067,383</u>	<u>\$ 4,290,352</u>	<u>\$ 6,051,181</u>	<u>\$ 13,306,554</u>	<u>\$ 5,595,704</u>

Revenue Bonds—The County’s revenue bonds were issued specifically to finance a jail and related facilities. Future revenues from a voter-approved sales tax are pledged to repay \$21,130,000 revenue bonds issued in 1998. The revenue bonds are payable from Jail District sales tax revenues through 2013. At June 30, 2011, \$3,855,000 in principal remains outstanding, along with future interest payments totaling \$175,388, to be repaid by future Jail District sales tax revenues. For the fiscal year ended June 30, 2011, net revenues available for service of this debt was \$11,109,910. The principal and interest paid in fiscal year 2011 was \$2,062,311 (17.04% of available net revenues). The annual principal and interest payments on the revenue bonds are expected to require approximately 18% of net revenues. They are generally noncallable with interest payable semiannually.

Coconino County
Notes to Financial Statements
June 30, 2011

Revenue bonds outstanding at June 30, 2011, were as follows:

Description	Original Amount	Maturity Ranges	Interest Rates	Outstanding Principal
Revenue bonds	\$ 21,130,000	7/1/2006-12	4.25-5.0%	\$ 3,855,000

The following schedule details debt service requirements to maturity for the County's revenue bonds payable at June 30, 2011:

Year Ending June 30	<u>Governmental Activities</u>	
	<u>Revenue Bonds</u>	
	<u>Principal</u>	<u>Interest</u>
2012	\$ 1,885,000	\$ 131,063
2013	1,970,000	44,325
Total	<u>\$ 3,855,000</u>	<u>\$ 175,388</u>

Certificates of participation—In prior years the County defeased certain certificates of participation debt by depositing funds in an irrevocable trust to provide for all future debt service on the certificates of participation. Accordingly, the trust account and the liability for these defeased certificates of participation are not included in the County's financial statements. At June 30, 2011, the following certificates of participation were considered defeased:

Series 2001 \$ 4,645,000

Special Assessment Bonds—Special assessment bonds are secured by pledges of revenues from special assessments levied against the benefiting property owners. Proceeds from special assessment bonds are used for improvements such as paving, street lighting, and sewers. Payment made by the assessed property owners are pledged as collateral. In the event of default by the property owner, the lien created by the assessment is sold at public auction and the proceeds are used to offset the default assessment. At June 30, 2011, \$1,646,042 in principal remains outstanding, along with future interest payments totaling \$254,452 to be paid by special assessment revenues. For the fiscal year ended June 30, 2011, net revenues available for debt service of this debt was \$528,262. The principal and interest paid in fiscal year 2011 was \$484,884 (91.03% of available net revenues). Annual principal and interest on the bonds are expected to require 100% of net revenues. The original amounts of special assessment bonds issued in prior years were \$5,186,217. The total principal and interest to be paid is generally noncallable with interest payable semiannually.

Coconino County
Notes to Financial Statements
June 30, 2011

Special Assessment bonds outstanding at June 30, 2011, were as follows:

Description	Original Amount	Maturity Ranges	Interest Rates	Outstanding Principal
Special assessment bonds with governmental commitment	\$ 5,186,217	7/1/2006-19	2.47-7.50%	\$ 1,646,042

The following schedule details debt service requirements to maturity for the County's special assessment bonds payable at June 30, 2011:

Year Ending June 30	<u>Governmental Activities</u>	
	<u>Special Assessment Bonds</u>	
	<u>Principal</u>	<u>Interest</u>
2012	\$ 383,369	\$ 81,040
2013	396,953	62,419
2014	415,552	43,132
2015	105,168	22,948
2016	85,000	18,128
2017 - 2020	260,000	26,785
Total	<u>\$ 1,646,042</u>	<u>\$ 254,452</u>

Insurance Claims—The County provides life, health and disability benefits to its employees and their dependents through the Northern Arizona Public Employee Benefit Trust (Trust), currently composed of seven members. The Trust provides benefits through a self-funding agreement with its participants and administers the program. The County is responsible for paying the premium and requires its employees to contribute a portion of that premium. If it withdraws from the Trust, the County is responsible for any claims run-out costs, including claims reported but not settled, claims incurred but not reported, and administrative costs. If the Trust were to terminate, the County would be responsible for its proportional share of any Trust deficit.

Compensated Absences and Claims and Judgments—Compensated absences are paid from various funds in the same proportion that those funds pay payroll costs. Claims and judgments are generally paid from the fund that accounts for the activity that gave rise to the claim. During fiscal year 2011, the County paid for compensated absences as follows: 48.84 percent from the General Fund, 33.04 percent from major funds, and 18.12 percent from other funds. The County paid for claims and judgments from the General Fund.

Note 7 – Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks of loss are accounted for and financed by the following described insurance coverage and internal risk management program.

The County contracts with the State Compensation Fund of Arizona to provide workers compensation coverage for employees. There is no deductible associated with this coverage and no loss limit per claim. In 2011, one claim resulting from a car accident was reserved for \$1.8 million. Employer liability coverage has been endorsed onto the County's commercial general liability coverage up to \$1,000,000 in coverage.

Coconino County
Notes to Financial Statements
June 30, 2011

The County self-insures on commercial general liability for the first \$125,000 per occurrence. A self-insurance retention fund has been established for these losses. The County purchases coverage from insurers for commercial general liability up to \$30 million. For real property and business personal property damage coverage the County has a \$25,000 deductible with blanket coverage up to the property values. Crime coverage is also a \$25,000 deductible with limits of \$1,000,000. Settled claims for commercial general liability and crime coverage have not exceeded either the self-insurance retention or the \$25,000 deductible in the past three fiscal years. Four claims for property losses have exceeded the \$25,000 deductible in the past three fiscal years. No settled claims for general liability, crime coverage or property damage exceeded commercial insurance coverage in the past three years.

Note 8 – Pensions and Other Postemployment Benefits

Pension Plan Descriptions—The County contributes to four plans, two of which are described below. The other two, the Elected Officials Retirement Plan and the Corrections Officer Retirement Plan, are not described due to their relative insignificance to the County’s financial statements. Benefits are established by state statute and generally provide retirement, long-term disability, and health insurance premium benefits, including death and survivor benefits. The retirement benefits are generally paid at a percentage, based on years of service, of the retirees’ average compensation. Long-term disability benefits vary by circumstance, but generally pay a percentage of the employee’s monthly compensation. Health insurance premium benefits are generally paid as a fixed dollar amount per month towards the retiree’s healthcare insurance premiums, in amounts based on whether the benefit is for the retiree or for the retiree and his or her dependents.

The *Arizona State Retirement System* (ASRS) administers a cost-sharing, multiple-employer defined benefit pension plan; a cost-sharing, multiple-employer defined benefit health insurance premium plan; and a cost-sharing, multiple-employer defined benefit long-term disability plan, that covers employees of the State of Arizona and participating political subdivisions and school districts. The ASRS is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

Coconino County
Notes to Financial Statements
June 30, 2011

The *Public Safety Personnel Retirement System* (PSPRS) administers an agent multiple-employer defined benefit pension plan and an agent multiple-employer defined benefit health insurance premium plan that covers public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona and participating political subdivisions. The PSPRS, acting as a common investment and administrative agent, is governed by a seven-member board, known as the Board of Trustees, and the participating local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

Each plan issues a publicly available financial report that includes its financial statements and required supplementary information. A report may be obtained by writing or calling the applicable plan.

(602) 255-5575

Funding Policy—The Arizona State Legislature establishes and may amend active plan members' and the County's contribution rates for the ASRS and PSPRS.

Cost-sharing plan—For the year ended June 30, 2011, active ASRS members were required by statute to contribute at the actuarially determined rate of 9.85 percent (9.60 percent for retirement and 0.25 percent for long-term disability) of the members' annual covered payroll and the County was required by statute to contribute at the actuarially determined rate of 9.85 percent (9.01 percent retirement, .59 percent for health insurance premium, and 0.25 percent long-term disability) of the members' annual covered payroll.

The County's contributions to ASRS for the current and two preceding years, all of which equal the required contributions, were as follows:

Coconino County
Notes to Financial Statements
June 30, 2011

Years ended June 30,	Retirement Fund	Health Benefit Supplemental Fund	Long-Term Disability Fund
2011	\$3,124,217	\$ 204,582	\$ 86,687
2010	2,991,032	236,700	143,455
2009	2,974,352	357,369	186,131

Agent plan—For the year ended June 30, 2011, active PSPRS members were required by statute to contribute 7.65 percent of the members’ annual covered payroll and the County was required to contribute at the actuarially determined rate of 32.61 percent, the aggregate of which is the actuarially required amount. The health insurance premium portion of the contribution rate was actuarially set at 1.94 percent of covered payroll.

Actuarial Methods and Assumptions—The contribution requirements for the year ended June 30, 2011 were established by the June 30, 2009 actuarial valuations, and those actuarial valuations were based on the following actuarial methods and assumptions.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding funded status of the plans and the annual required contributions are subject to continual revision as actual results are compared to past expectations and new estimates are made. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of the plans’ assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on 1) the plans as understood by the County and plans’ members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plans’ members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The actuarial methods and assumptions used to establish the fiscal year 2011 contribution requirements, are as follows:

Coconino County
Notes to Financial Statements
June 30, 2011

Actuarial valuation date	June 30, 2009
Actuarial cost method	Projected unit credit
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	27 years for unfunded actuarial liability, 20 years for excess
Asset valuation	7-year smoothed market value
Actuarial assumptions:	
Investment rate of return	8.5%
Projected salary increases	5.5% - 8.5%
includes inflation at	5.5%

Annual Pension Cost—The County’s pension cost for the agent plan for the year ended June 30, 2011, and related information follows. This is an estimate based on what was actually paid.

	PSPRS Pension	PSPRS Health Insurance
Contribution rates	30.67%	1.94%
Annual pension cost	\$ 857,576	\$ 35,060
Contributions made	\$ 857,576	\$ 35,060

Trend Information—Annual pension cost information for the current and two preceding years follows for the PSPRS. Annual cost information for the current year and two preceding years is as follows.

Coconino County
Notes to Financial Statements
June 30, 2011

Year Ended June 30,	Annual Pension OPEB Cost	Percentage of Annual Cost Contributed	Net Pension/OPEB Obligation
Pension			
2011	\$ 857,576	100%	\$0
2010	815,845	100%	0
2009	907,249	100%	0
Health Insurance			
2011	35,060	100%	0
2010	28,101	100%	0
2009	36,329	100%	0
Pension and Health Insurance			
2011	892,636	100%	0
2010	843,946	100%	0
2009	943,578	100%	0

Funded Status— The funded status of the plan as of the most recent valuation date, June 30, 2010, along with the actuarial assumptions and methods used in that valuation follows.

	<u>Pension</u>	<u>Health Insurance</u>
Actuarial accrued liability (a)	\$ 27,056,998	\$ 793,837
Actuarial value of assets (b)	12,697,494	-
Unfunded actuarial accrued liability (funding excess) (a) - (b)	14,359,504	793,837
Funded ratio (b)/(a)	46.90%	0.0%
Cover payroll (c)	2,854,136	2,854,136
Unfunded actuarial accrued liability (funding excess) as a percentage of covered payroll [(a) - (b)]/(c)	503.10%	27.8%

Coconino County
Notes to Financial Statements
June 30, 2011

The actuarial methods and assumptions used for the most recent valuation date are as follows:

Actuarial valuation date	June 30, 2010
Actuarial cost method	Projected unit credit
Amortization method	Level percent closed for unfunded actuarial accrued liability, open for excess
Remaining amortization period	26 years for unfunded actuarial accrued liability 20 years for excess
Asset valuation	7- year smoothed market value
Actuarial assumptions:	
Investment rate of return	8.5%
Projected salary increases	5.5% - 8.5%
includes inflation at	5.5%

Postemployment Healthcare Plan

Plan Description—Employees retiring from Coconino County service, who receive monthly income from any of the Arizona State individual retirement plans, are eligible to continue insurance coverage through the same plan as active employees and their beneficiaries up to the age of 65 through the Northern Arizona Public Employees Benefit Trust (NAPEBT). Coconino County is a member of NAPEBT and the benefits and premium rates are approved by the Trust and the Board of Supervisors on an annual basis for active and retired members. NAPEBT issues a publicly available financial report that may be obtained on their website. Although Coconino County does not explicitly pay a portion of the retiree’s premiums, because of the inclusion of this class in the insured pool, there is an implicit subsidy or “premium rate differential” that is incurred by the County.

Funding Policy—The contribution requirements of plan members and the County are established and may be amended by the NAPEBT board. Eligible retirees up to the age of 65 have the option to participate in the healthcare plan that is currently being offered to active employees and must pay 100% of the premium less any reimbursement from the Arizona State individual retirement plans. The program is currently funded on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation—The County’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligations for 2011, and the two preceding years were as follows:

Coconino County
Notes to Financial Statements
June 30, 2011

Fiscal Year Ended	Annual OPEB Cost	Actual Contributions	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2011	\$ 1,047,505	\$ 176,809	16.88%	\$ 870,696
6/30/2010	1,062,833	319,826	30.09%	743,007
6/30/2009	1,386,909	86,187	6.21%	1,300,722

Components of annual OPEB Costs and net OPEB obligation—The annual Components of OPEB Costs and net OPEB obligation as of June 30, 2011 follows:

Annual required contribution (ARC)	Interest on existing net OPEB obligation	ARC adjustment	Increase in OPEB	Net OPEB
\$ 1,080,894	\$ 91,662	\$ (125,051)	\$ 870,696	\$ 2,914,425

Funding Status and Funding Progress—The latest actuarial valuation done was as of June 30, 2011. The funded status of the plan as of June 30, 2011, was as follows:

Actuarial Valuation Date	(1) Actuarial value of plan assets	(2) Actuarial accrued liability (AAL)	(3) Funded ratio (1) / (2)	(4) Unfunded AAL (2) - (1)	(5) Cover payroll	(6) Unfunded AAL as a percentage of covered payroll (4) / (5)
6/30/2011	-	\$ 9,911,098	0.00%	\$ 9,911,098	\$ 48,579,979	20.40%

Actuarial Methods and Assumptions -- Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of the funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of plan's assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits. Projections of benefits are based on 1) the plan as understood by the County and plan's members and include the types of benefits in force at the valuation date, and 2) the pattern of sharing benefit costs between the County and plan's members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are

Coconino County
Notes to Financial Statements
June 30, 2011

designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. The actuarial methods and assumptions used for most recent valuation date are as follows:

Valuation Date	June 30, 2011
Acturial cost method	Entry Age Normal, Level Dollar
Amortization method	30-Year Amortization Open
Remaining amortization period	30
Investment rate of return	4.50%
Medicare coverage age	65
Retirement and disability age	Based on the assumptions for the ASRS actuarial valuation as of June 30, 2010
Active members	946
Retirees, beneficiaries, and dependents	86
Asset Valuation method	NA, No assets in an OPEB trust
Inflation rate	NA
Projected salary increase	NA
Post-retirement benefits increase	NA
Medical cost trend rate	9.00% graded down to ultimate rate of 5.0% over 8 years

Note 9 – Interfund Balances and Activity

Interfund Receivables and Payables—Interfund balances at June 30, 2011, were as follows:

Payable from	Payable to							Total						
	General Fund	Public Works/HURF Fund	Jail District Fund	Public Health Services District Fund	Nonmajor Governmental Funds	Internal Service Fund	Total							
General Fund	\$	3,708	\$	79,686	\$	1,324,042	\$	105,596	\$	1,513,032				
Public Works/HURF Fund	\$	222,802			\$	93	126,615	223,376		572,886				
Jail District Fund		274,634				27,507	6,631			308,772				
Parks and Open Spaces Tax Projects		1,334,230								1,334,230				
Public Health Services District Fund		147,959				954	21,013			169,926				
Flood Control District Fund		374				11,133	456			11,963				
Nonmajor Governmental Funds		3,989,296	104,393			1,584,809	31,509			5,710,007				
Internal Service Fund		17,820	1,381							19,201				
Total	\$	5,987,115	\$	109,482	\$	79,686	\$	93	\$	3,075,060	\$	388,581	\$	9,640,017

The interfund balances resulted from time lags between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Coconino County
Notes to Financial Statements
June 30, 2011

Interfund Transfers—Interfund transfers for the year ended June 30, 2011, were as follows:

	Transfer to					Total
	General Fund	Public Works/HURF Fund	Jail District Fund	Public Health Services District Fund	Nonmajor Governmental Funds	
Transfer from						
General Fund		\$ 25,000	\$ 2,380,284	\$ 3,739,233	\$ 1,250,471	\$ 7,394,988
Public Works/HURF Fund	\$ 1,049,548				106,357	1,155,905
Jail District Fund					27,507	27,507
Parks and Open Spaces Tax Projects	1,386,119					1,386,119
Public Health Services District Fund	1,470,849					1,470,849
Flood Control District Fund	68,895	10,739				79,634
Nonmajor Governmental Funds	504,286	1,582,500			1,611,808	3,698,594
Internal Service Fund	17,820					17,820
Total	\$ 4,497,517	\$ 1,618,239	\$ 2,380,284	\$ 3,739,233	\$ 2,996,143	\$ 15,231,416

Interfund transfers are used to move revenues from the fund that collects them to the fund that expends them.

Advances From/To Other Funds

Advances from/to other funds represent monies owed from various County Road Improvement Districts (nonmmajor governmental funds) to the Forest Fee Revolving Fund (nonmajor governmental fund) to assist citizens with road improvements. The amount of advances as of June 30, 2011 was \$211,874. The County Road Improvement Districts are paying interest on the advances. The interest rates range from 2.510% to 4.0299%. The General Fund has advanced \$437,179 to Improvement Districts to assist with road improvements and \$1 million to the Flood Control District to provide cash to cover expenditures made for the catastrophic flooding. The Forest Fees Fund has advanced funds to the Toho Tolani Improvement District to assist with road improvements. The \$1 million advance to the Flood Control District is expected to be paid back in fiscal 2014. The advances to Toho Tolani are expected to be paid back in fiscal 2012.

Note 10– County Treasurer’s Investment Pool

Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the Treasurer determines the fair value of those pooled investments annually at June 30.

The County Treasurer’s investment pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The pool’s structure does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants’ investments.

The Treasurer allocates interest earnings to each of the pool’s participants.

Substantially all deposits and investments of the County’s primary government are included in the County Treasurer’s investment pool, except for \$3,970,582 of deposits, \$424,593 of investments in Mutual Funds-debt, \$10,048,881 in the State Treasurer’s Investment Pool, and \$18,718 of investments in equities; therefore, the deposit and investment risks of the Treasurer’s investment pool are substantially the same as the County’s deposit and investment risks. See Note 3 for the disclosure of the County’s deposit and investment risks.

Note 11 – Maintenance of Efforts

Coconino County is required to maintain statutory levels of support for the Coconino County Jail District and the Coconino County Public Health Services District. In accordance with A.R.S. Section 48-4024, Coconino County is required to make annual maintenance of effort payments (MOE) to the Coconino County Jail District, a special revenue fund type. The payments will be made through fiscal year 2027, and are determined by first establishing a base expenditure which was used as the initial fiscal year 1998 MOE payment. Subsequent payments are determined by adjusting the base expenditure by the annual change in the gross domestic product price deflator, obtained from the State of Arizona Economic Estimates Commission. These payments are recorded by the jail district as transfers. The MOE

Coconino County
Notes to Financial Statements
June 30, 2011

payment for fiscal year 2011 was \$2,380,284. In accordance with A.R.S. Section 48-5802 Coconino County is required to maintain a specific level of expenditures for public health services. This is accomplished by transferring funds to the Public Health Services District, a special revenue fund type. The payment for fiscal year 2011 was \$2,216,392.

Note 1: Actuarial Information Available

Actuarial measurements were not made for Coconino County's Postemployment Healthcare Plan prior to the implementation of GASB Statement 45 in fiscal year 2009. New actuarial measurements are required by GASB 45 to be made biannually, so in fiscal year 2011 and future years when additional actuarial measurements are made, trend information for the County's Postemployment Healthcare Plan will be presented.

Coconino County
Required Supplementary Information
Notes to Budgetary Comparison Schedules
June 30, 2011

Note 1 – Budgeting and Budgetary Control

A.R.S. require the County to prepare and adopt a balanced budget annually for each governmental fund. The Board of Supervisors must approve such operating budgets on or before the third Monday in July to allow sufficient time for the legal announcements and hearings required for the adoption of the property tax levy on the third Monday in August. A.R.S. prohibits expenditures or liabilities in excess of the amounts budgeted.

Expenditures may not legally exceed appropriations at the department level. In certain instances, transfers of appropriations between departments or from the contingency account to a department may be made upon the Board of Supervisors' approval. With the exception of the General Fund and the Public Health Services District Fund, each fund includes only one department.

Note 2 – Budgetary Basis of Accounting

The County's budget is prepared on a basis consistent with generally accepted accounting principles.

Note 3 – Expenditures in Excess of Appropriations

For the year ended June 30, 2011, expenditures exceeded final budget amounts at the department level (the legal level of budgetary control) as follows:

Fund/Department	Excess
General Fund	
Legal Defender	\$ 929
Emergency services	13,338
Public Health Services District Fund	
Medical Examiner	109,078
Flood Control Fund	1,197,568

Departments may exceed their department's budget for various reasons, including unexpected events. When departments exceed their budget, this is addressed with the departments in their subsequent budget meetings with the County Manager and the Board of Supervisors.

Coconino County
Listing of Nonmajor Governmental Funds
Year Ended June 30, 2011

Special Revenue Funds

Adult Probation Grants and Fees – accounts for various Adult Probation programs provided by a combination of grants and fees.

Assessor Storage and Retrieval – accounts for the collection and use of a special recording surcharge, not to exceed four dollars, to be used to convert the assessor's property information and storage retrieval system to micrographics or computer automation, as established by A.R.S. 11-269.06.

Career Center Grants – accounts for various federal and state employment grants, such as the Workforce Investment Act and the Youthbuild Program.

Clerk of the Superior Court Grants and Fees – accounts for various Clerk of the Court programs provided by a combination of grants and fees.

Community Services Grants and Fees – accounts for various public assistance programs provided by a combination of grants and fees.

Conciliation Court – this program provides a means for the reconciliation of spouses and the amicable settlement of domestic and family controversies. This program is funded by fees collected under A.R.S. 25-311.

County Attorney Grants and Fees – accounts for various County Attorney programs funded by a combination of fees, grants and forfeiture. Programs included Anti-Racketeering, Attorney Enhancement and Victim Rights.

County Improvement Districts – Special Revenue – accounts for the operation of various Road Maintenance Districts and the Kachina Village Water and Wastewater operations.

County Library District – accounts for the provision and maintenance of libraries and library services through the County. Funded by a secondary property tax levy.

Emergency Services Grants – accounts for various federal and state grants that fund purchases of equipment and disaster planning and training.

Health Programs – accounts for numerous health services programs funded by federal, state and private grants, fees and transfers from the County General Fund.

Inmate Welfare – accounts for funds held in trust for the benefit and welfare of inmates, established under A.R.S. 31-121. Revenues are derived from sales of commissary items to inmates and pay phone usage.

Coconino County
Listing of Nonmajor Governmental Funds
Year Ended June 30, 2010
(Continued)

Jail Enhancement – accounts for state funds established under A.R.S. 41-2401.D.9. to be used to enhance county jail facilities and operations.

Justice Courts Grants and Fees – accounts for various Justice Court programs provided by a combination of grants and fees

Juvenile Court Grants and Fees – accounts for various Juvenile Probation programs, including Juvenile Court, provided by a combination of grants and fees

Legal Defender Grants and Fees – accounts for various Legal Defender programs provided by a combination of grants and fees

National Forest Fees – accounts for funds received under the federal Secure Rural Schools and Community Self-Determination Act of 2000. These funds may be used to fund schools, roads, search and rescue, wildfire protection, and wildlife protection.

Parks and Recreation Grants and Fees – accounts for various parks programs funded by federal and state grants, fees and General Fund transfers. These programs include the County Fair and the County Horse Races.

Public Defender Grants and Fees – accounts for various Public Defender programs provided by a combination of grants and fees

Recorder Storage and Retrieval – accounts for a recording surcharge, established by A.R.S. 11-475.01, to be used to defray the cost of converting the Recorder's document and storage retrieval system to micrographics or computer automation.

School Superintendent Grants and Fees – accounts for various Schools programs, including the Accommodation School, provided by a combination of grants and fees

Sheriff Grants and Fees – accounts for various Sheriff programs provided by a combination of grants and fees

Solid Waste – accounts for the costs of providing solid waste services, including the operation of transfer stations and payments for the use of the City of Flagstaff landfill. Funded by a combination of grants, fees and General Fund transfers.

Superior Court Grants and Fees – accounts for various Superior Court programs provided by a combination of grants and fees

Coconino County
Listing of Nonmajor Governmental Funds
Year Ended June 30, 2010
(Continued)

Taxpayer Information Fund – accounts for fees collected by the County Treasurer, established by A.R.S. 11-495, to be used to upgrade an automated taxpayer information system.

Other Special Revenue Funds – accounts for other small grants and fees.

Debt Service Fund

County Improvement Districts – Debt Service – accounts for special assessment collected for the payment of principal and interest on the revenue bonds issued for special assessment bonds issued by various county improvement districts, or National Forest Fees loans, for road improvements.

Capital Projects Funds

Accommodation School – accounts for various grants used to fund capital improvements for the Accommodation School.

County Improvement Districts – Capital Projects – accounts for the construction of road improvements in various county improvement districts, funded by special assessment bonds, assessment payments by benefiting property owners and National Forest Fees contributions or loans.

Parks Capital Projects – accounts for federal and state grants for the acquisition and construction of County parks.

Other Capital Projects Funds – accounts for other small capital projects funded by fees, grants and transfers from the General Fund.

Coconino County
Statistical Section
Year Ended June 30, 2011

This part of the Coconino County comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	137-141
Revenue Capacity These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.	142-145
Debt Capacity These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	146-148
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	149-150
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	151-153
