

**RESOLUTION 2020-55**

**RESOLUTION OF THE BOARD OF SUPERVISORS OF THE COUNTY OF COCONINO,  
ARIZONA; ADOPTING THE REVISED DRAINAGE DESIGN CRITERIA MANUAL TO  
ALIGN WITH NATIONAL AND STATE ENGINEERING STANDARDS.**

**WHEREAS**, permits from regulatory agencies are required for many construction, engineering and associated practices; and

**WHEREAS**, the County is required to issue permits for many construction and engineering activities; and

**WHEREAS**, there is an expectation that the work meets commonly accepted standards for safety and utility; and

**WHEREAS**, the Manual has been revised to provide standards, specifications and recommendations associated with good engineering practice; and

**WHEREAS**, the County intends to promote hazard mitigation, public health, safety and welfare in Coconino County; and

**WHEREAS**, this Manual is not intended to discourage new or unusual methods, designs and materials; and

**WHEREAS**, it is recognized that the use of standard designs and materials can be desirable when viewed from the perspective of efficiency of maintenance, repair or replacement; and

**WHEREAS**, it is anticipated that the primary user of these standards, specifications and recommendations will be licensed professionals; and

**WHEREAS**, it is understood that multiple stakeholder meetings took place between 2018 through July 2020 to provide input.

**NOW, THEREFORE, BE IT RESOLVED THAT** that the Coconino County Board of Supervisors of Arizona, hereby adopts the revised Drainage Design Criteria Manual to support and supplement the Engineering Design and Construction Manual and guide the permitted construction and engineering activities related to drainage within Coconino County.

1. Asserts that the Coconino County Drainage Design Criteria Manual is outdated. It was last updated in 2001 and it requires updating to align with national and state engineering standards. The Manual also needs to better reflect changes in engineering and construction methodologies, technology and products. A group of stakeholders who have reviewed the standards hereby affirm this goal has been achieved in the revised Manual.

2. Based on stakeholder review and input and review and input from the Board of Supervisors, it hereby adopts the revised Drainage Design Criteria Manual.

**PASSED AND ADOPTED** this 11<sup>TH</sup> day of August 2020.
