Motion: Resolve as the Flood Control District Board of Directors, **Moved by:** Supervisor Judy Begay, **Seconded by:** Supervisor Jeronimo Vasquez. The motion passed unanimously.

Flood Control District Consent Agenda:

16. Consideration and possible action to approve the Fourth Amendment of an Agreement with McCauley Construction, Inc., for one-year renewal of RFQ 2018-104 Job Order Contracting (JOC) services to the County Flood Control District for projects up to \$2,000,000.00 starting June 1, 2022 through May 31, 2023. **Flood Control District**

Chair Horstman read item 16 agenda title into the record and asked for a motion to approve the fourth amendment of this agreement.

Director Vasquez said “so moved.”

Director Begay asked if something that was added or is this just a renewal?

Flood Control District Director Lucinda Andreani stated this is an annual extension, renewal of the standard job order contract and nothing was added.

Clerk of the Board Lindsay Daley noted there a second item added to the Flood Control Consent agenda, item 16A. Chair Horstman said she did not see that, it probably came after she left cell range.

Director Ryan said he did want to separate item 16A and wasn't sure how the Chair was going to process the item.

Chair Horstman stated for clarification that if the Board would like to discuss even one item on the consent agenda, they should remove it from the consent agenda.

She said we will go ahead and remove 16A from the consent agenda, and let's go ahead and vote on the consent agenda which is item 16, all those in favor of approving the Fourth Amendment of an Agreement with McCauley Construction, Inc., for one-year renewal of RFQ 2018-104 Job Order Contracting (JOC) services to the County Flood Control District, signify by saying “Aye”.

Members of the Board all voted “Aye”, Chair Horstman noted the vote was unanimous (The motion was not seconded prior to the vote).

Upon inquiry from Chair Horstman, Clerk Daley read agenda item 16A into the record.

- 16A. Consideration and possible approval to submit an initial grant application to the National Resources Conservation Service (NRCS) in the amount of \$23,874,000.00 for long-term mitigation efforts related to the Schultz/Pipeline Flood Event. This funding includes a County Flood Control District match of \$5,968,500.00. **Flood Control District**

Deputy County Manager/Flood Control District Director Lucinda Andreani explained this is a request to submit an application to the National Resources Conservation Service (NRCS) for

Emergency Watershed Protection Program (EWPP) funding, the same funding used for Schultz Fire flood mitigation. Though currently EWPP remains unfunded and if this application is approved by the national office staff it will be on a waitlist will bring this back to the Board to actually accept the funds. We are working closely with Senator Sinema, Senator Kelly and Congressman O'Halleran staff to review opportunities for a legislative vehicle to fund the EWPP across the nation. This application is for about 24 million dollars for five watershed projects: Wupatki Trails, Brandis, Copeland, Campbell and Peaceful flood corridors.

Director Andreani spoke about damage that has been done to said corridors by flooding during the current monsoon season.

Director Andreani and County Manager Peru answered questions asked by individual Board members regarding the Flood Control District budget and grant match, mitigation projects needed in the future and on-forest work that needs addressed, and potential future decisions related to acquiring easements.

Individual Board members spoke about the need to protect the health and safety of citizens and obtain as much federal money as possible to address current and future flooding, to continue to address emergencies and use checks and balances during funding decisions.

Chair Horstman noted there needs to be further discussions related to the budget and decision making that will take more time than the agenda item before the Board at this time.

Chair Horstman read the agenda title into the record and asked for a motion to approve?

Motion: Move to approve, **Moved by:** Supervisor Jeronimo Vasquez, **Seconded by:** Supervisor Matt Ryan. The motion passed unanimously.

Motion: Resolve as the Board of Supervisors, **Moved by:** Director Judy Begay, **Seconded by:** Director Jeronimo Vasquez. The motion passed unanimously.

Chair Horstman called for a break at 11:09 a.m. and reconvened open session at 11:16 a.m.

Discussion and Possible Action Items:

17. Discussion, update and possible direction to staff regarding state and federal legislative priorities; legislative and administrative update. **Public Affairs**

Public Affairs Director Trey Williams provided a presentation that reviewed the two state proposals that he submitted to the County Supervisor's Association (CSA) at the Board's direction. outlined activities going on at the state and federal legislature.

The Board provided feedback on the information presented.

18. Discussion, review and possible direction regarding the Board of Supervisors planning calendar. **County Manager**

County Manager went over the Board's planning calendar so the Board could review upcoming presentation/discussion items.

19. Discussion and update from the County Manager regarding possible community, regional and/or administrative matters. **County Manager**

The Board did not address this item.

20. Roundtable: To be discussed. Pursuant to A.R.S. § 38-431.02(H), these matters will not be acted upon: Reports from Supervisors; updates on new projects, district budgets, requests for services and initiatives, updates from county staff:
 - District 1 – Supervisor Patrice Horstman
 - District 2 – Supervisor Jeronimo Vasquez
 - District 3 – Supervisor Matt Ryan
 - District 4 – Supervisor Judy Begay
 - District 5 – Supervisor Lena Fowler
 - Chair's Report

Individual Board members provided a brief update on current events, projects and meetings they've attended relative to their respective districts and committee appointments.

Chair Horstman called for a break at 12:18 p.m. and reconvened open session at 1:16 p.m.

Discussion and Possible Action Items continue – 1:15 p.m.:

21. Presentation, discussion, and possible direction on part two of the draft Fort Tuthill County Park Land Management Plan. **Parks and Recreation**

Parks and Recreation Director Cynthia Nemeth noted this is the second presentation to review the draft Fort Tuthill County Park Land Management Plan and noted staff would like to see if the Board had any additions or changes to the goals.

Parks and Recreation Urban Wildlife Planner Jessica Simmons displayed a presentation that reviewed the process staff has taken to date on the draft Fort Tuthill County Park Land Management Plan and highlighted Chapter 4, addressing public use and facilities, recreation, trails, camping and open space. She outlined open space goals, special event aspects, goals and interpretive elements, roads and internal circulation, parking, noise and the use of drones.

Ms. Simmons continued by highlighting Chapter 5, addressing long-range planning, plans addressing increasing development surrounding Fort Tuthill and climate change. She outlined the next steps to be taken before bringing the final draft back to the Board for review and approval.

The Board provided feedback on the information presented.

22. Presentation and discussion and possible direction regarding a draft Short-Term Rental Ordinance. **Community Development**

Deputy County Manager Andy Bertelsen introduced the item and briefly highlighted new legislation passed to regulate short term rentals.

Community Development Director Jay Christelman presented a powerpoint that outlined the regulatory legislation regarding short term rentals:

- Allows for jurisdictions to require a permit or license
- Allows for the collection of up to \$250 for the permit or license fee
- Allows for the requirement for the short-term rental to maintain \$500K liability insurance and advertise rentals through sites that require equal or greater coverage
- Can be adopted as soon as September 24th as a standalone ordinance
- Requires short-term rental operators to notify neighbors
- Requires providing an emergency point of contact to be notified for emergencies and complaints who is responsible for responding
- Requires the operator to provide a transaction privilege tax license number
- Specifically identifies what is required to issue a permit or deny
- Allows for a process to suspend a permit for up to 12 months depending on verified violations
- Allows for an ascending style of financial penalties for verified violations over specified periods of time

Director Christelman answered questions related to special event violations, permitting and enforcement.

Chief Deputy Sheriff Bret Axlund stated the Sheriff's Office will respond as business as usual, as far as keeping peacefulness and investigating criminal matters related to short term rentals. Staff will provide Community Development with any evidence of criminal activity, and this will require a lot of administrative work from Community Development.

Director Christelman clarified that there are certain allowances for special events and that the rentals usually advertise that they allow special events.

Chair Horstman opened the item to receive public comment at 2:37 p.m.

Clerk Daley provided instructions to attendees on how to provide comment by clicking on the raise hand icon to speak or by pressing *9. She noted there was no one who indicated they would like to provide public comment.

Tom Eade said that from the community, there would need to be a contact or County Representative that the community may contact with questions, especially when we don't know how many rentals there are that may not get permits.

Chair Horstman spoke about the need for enforcement of compliance with the permit. There will need to be definitions and an enforcement mechanism.

Deputy County Attorney Aaron Lumpkin noted there is a procedural due process element of this and its become more of the issue of expedited nature for this ordinance. It may be easier to include this into the zoning ordinance where the code enforcement process has already been laid

out. If the Board wants to get this to as close as the effective date of statute, it could be as simple as taking the code enforcement measures and transposing them over to the stand alone ordinance that we have now and tailoring it to the process as seen fit. As it pertains to definitions, he cautioned against getting too much into the weeds as we would like to see them. The statute as written by legislature provides definitions on these subjects so unless it becomes a definition of the offenses or some ancillary offenses that are eluded to in the statute, he doesn't think there is a lot of wiggle room to define things ourselves.

Chair Horstman spoke about the reasons the Board should take their time to make sure the ordinance is created right, including procedures for determining whether or not someone has a short-term rental when they are saying it is not. The ordinance should be meaningful and enforceable for the community.

Director Christelman stated Yavapai County, the Cities of Flagstaff and Sedona are looking to include this in their Zoning Ordinances.

Supervisor Ryan noted they were looming at a standalone to expedite the process but if we are not looking at that component, it will take longer to work on including in the Zoning Ordinance. If it will take a half a year, we should do a standalone but if it takes only a couple of months, move forward with including in the Zoning Ordinance.

Chair Horstman noted this is a lucrative enterprise and affects local inventory, and she does not have a problem with the \$250 permit application fee. She said she would rather take longer time to develop a good ordinance and not one that is not.

Supervisor Begay and Vice Chair Vasquez agreed with comments made by individual Board members. They agreed with the suggested fees and that they would like it sooner rather than later but would like it to be a good ordinance.

Supervisor Ryan agreed with the proposed fee amount and at a later time, staff can get feedback.

Director Christelman noted the \$250 permit fee would be fine and staff is updating a former brochure that was created to address short term rentals to get out to the public. There is currently a process being developed to manage permit applications through the department's software.

There being no further discussion, Chair Horstman adjourned the meeting at 2:55 p.m.
