

## Project Overview

The goal of the **Coconino County Flagstaff Urban Trails System (FUTS) Extension Project** is to extend the trail system along the Rio de Flag through the Public Works yard and ultimately to the Picture Canyon Preserve, which also is adjacent to the Arizona Trail. Phase 1 of the project involves construction of the FUTS trail, revegetation of the waterway, improvement of the yard's drainage, and relocation of the recycled water standpipe. Phase 1 also includes restoration of the adjacent canyon slopes so that they emulate the natural surrounding landscape of this area. Phase 2 will include restoration and vegetation of the Rio channel's northern slope.

## Project Information

- ◆ **Phase 1 Start:** October 2016
- ◆ **Phase 1 Completion:** Late November 2016 (Weather Permitting)
- ◆ **Phase 2 Start & Completion:** Fall 2017
- ◆ **Cost:** \$1.2 Million
- ◆ **Engineer:** The WLB Group, Inc.
- ◆ **Contractor:** Tiffany Construction Co.
