

Incentives for Green Realtor Certifications

Set Yourself Apart and Be Prepared for the Future of Real Estate!

The Coconino County Sustainable Building Program, in an effort to develop greater understanding of sustainable building features in the local real estate industry and increase the valuation of sustainable homes in the Northern Arizona real estate market, is offering the following incentives for National Association of Realtor Green Designation or EcoBroker® designation.

Designees will be:

- 1) Added to the Sustainable Service Provider's Directory on our website.
- 2) Highlighted in our website's Announcements section for one month after certification.
- 3) Highlighted in our bimonthly newsletter.
- 4) Included on our Sustainable Building travelling display, hosted annually in several community locations.
- 5) Invited to share promotional materials at our annual events.
- 6) Highlighted in presentations to community organizations such as the Northern Arizona Builders Association, Flagstaff Business Network, and NAU and CCC classes.
- 7) Highlighted in publications of our community partners such as Willow Bend and Flagstaff Sustainability.
