

## **Mandatory E-filing to Begin for Coconino and Navajo Counties**

PHOENIX – The Arizona Supreme Court has issued Administrative Order 2019-14 which requires attorneys to electronically file initiation and post-initiation civil case documents when filing into the Superior Court in Coconino and Navajo Counties beginning April 1, 2019. Procedural requirements described in Administrative Order No. 2018-80 shall apply to all civil case documents e-filed in the Superior Court in Coconino and Navajo Counties. While it is not required, self-represented litigants may also file electronically through AZTurboCourt and eFileAZ.

Currently eFiling of Civil case initiation and subsequent documents is supported through eFileAZ and AZTurboCourt eFiling applications in the Superior Court in Apache, Cochise, Coconino, Graham, Gila, Greenlee, La Paz, Mohave, Pinal, Navajo, Santa Cruz, Yavapai, and Yuma Counties, and for civil subsequent documents only in Maricopa County. Plans are underway for the Superior Court in Pima county to begin accepting civil documents through eFileAZ in the coming months.

Your firm may already be using the AZTurboCourt eFiling application to file documents in Pima and Maricopa Counties, however there are some differences when submitting and retrieving documents in other counties. Due to these differences, **it is recommended that you attend training.** For information on available training dates and locations please visit [www.azcourts.gov/eFilinginformation/training](http://www.azcourts.gov/eFilinginformation/training) or contact the AOC Support Center at 602-452-3519 or 800-720-7743.
