Social Safety-Net Services Coalition is a county-wide coalition of safety-net service providers who are working together to lead, support and coordinate Housing, Food and Emergency Cash Assistance in response to Covid-19. Our purpose is to ensure our residents have access to the services and resources they need to secure food, housing and emergency cash stability during this pandemic. We are a collaborative effort working together for the greater good of the community.

The resources and information in this guide have been compiled in partnership with members of the Social Safety-Net Services Coalition and through online research, phone calls and submissions by service providers.
