Christopher Tressler
District Engineer

Dear Mt. Elden Estates Area Property Owner,

Deputy County Manager Andreani and I would like to invite you to a virtual meeting on **Monday, March 8, 2021 at 6:30 p.m.** to discuss the Mt. Elden Estates Flood Mitigation Project. This meeting is a great opportunity to learn more about the project, which is slated to break ground this spring. Information to join this meeting via Zoom – or to watch it lived streamed on YouTube - is available at www.coconino.az.gov/MuseumFire/MEE.

Per our previous correspondence, on February 2, 2021 the Board of Supervisors, resolved as the Coconino County Flood Control District (FCD), agreed to allocate \$550,000 for the construction of this individual lot mitigation project, which would include, at some locations, roadway reprofiling, low-water crossings and channel work to help convey floodwaters more safely out of your neighborhood. These measures will only address small-scale rain events. The FCD funding is crucial as the Federal Emergency Management Agency (FEMA) Hazardous Mitigation Grant Program (HMGP) grant that the FCD applied for last spring will not be forthcoming given that FEMA is delayed due to COVID-19.

Engineering for Mt. Elden Estates Flood Mitigation Project is currently at the 90% level and our engineering team has been and is continuing to work with the property owners who are directly impacted to secure the Cooperator Agreements (CA's). However, it is very important to note that all CA's must be secured in order for the project to go to construction.

Please know that the Coconino County Flood Control District continues to work hard on your behalf to help mitigate flooding in your neighborhood. If you have any questions before our meeting, then please contact Public Works Community Relations Manager Marc Della Rocca at 928-679-8307 or via email at mdella_rocca@coconino.az.gov. Thank you for your interest in this important flood mitigation project for your community.

Sincerely,

Patrice Horstman
District 1 Supervisor

Sincerely,

Lucinda Andreani
Deputy County Manager
FCD Administrator
