

Closed Point of Distribution (POD) Partner Registry

Thank you for your interest in the Coconino County Closed POD Partner Registry

Closed POD Partners are community organizations that are willing, able and trained to respond to an outbreak, biological terrorist event and they can also be called upon to assist in responses to other hazards. Closed POD Partners in Coconino County include:

- Large employers - Private and public organizations with large numbers of staff
- Vulnerable population service providers - Organizations which help people who cannot attend (such as residents of long term care facilities or prison inmates) or are unlikely to attend (the homeless population) public health medication distribution sites. Serves employees and their families plus clients in their care
- Planned responders - Organizations with a written or implied role in emergency plans (includes first responders and critical infrastructure agencies).
