Notes:

1. Providers may only be qualified and willing to provide services for some but not all the permissible wastewater systems.
2. A designer is not required to be an engineer or a sanitarian however knowledge and experience is needed.
3. An installer is available to the wastewater contractor to support the installation of equipment.
4. Construction services should be provided by a registered contractor.
5. Transfer Inspection (Real Estate sale) needs to be done by someone with ADEQ specified qualifications.

A contractor's license status can be checked at: <http://www.azroc.gov/>.

A sanitarian's license status can be checked at: <https://azdhs.gov/preparedness/epidemiology-disease-control/food-safety-environmental-services/sanitaricians-council/index.php>

An engineer's registration status can be checked at: <http://www.btr.state.az.us/>.

A National Association of Wastewater Technicians (NAWT) certification can be checked at: <http://www.nawt.org/membership.html>.
