Lake Mary Road Mill & Fill Project Starts Monday

FLAGSTAFF, Ariz. — Coconino County’s contractor is preparing to break ground on the Lake Mary Road Mill & Fill Project. This \$1.95 million project will replace the existing pavement in travel lanes along the 6.4-mile stretch of Lake Mary Road from the Flagstaff city limits south to approximately Milepost (MP) 333, which is just north of the Upper Lake Mary boat dock and recreation area.

C & E Paving & Grading is scheduled to work weekdays during daylight hours with some weekend work possible. Traffic control will be in place to guide vehicles through the construction zone.

Drivers should expect delays, plan travel accordingly, and are encouraged to use extra caution and obey posted speed limits through the construction zone. This project is scheduled to be completed in August; however, this schedule is subject to change due to weather or other unforeseen factors.

During the project, [construction information](#) will be regularly updated and posted on the project’s web page at www.coconino.az.gov/RoadProjects.

For more information about this project please contact [Coconino County Public Works](#) at (928) 679-8300.
